2 Apr 1962

TO: Direct Supervisor.

Subject: Outside Activities - Jury service.

- 1) In accordance with the instructions received from you, I followed the "Summons for Juror" received from the Municipal Court for the District of Columbia, United States Marshal's Office.
  - 2) Of the approximately 200 persons summoned some (about 35) were excused on reasons which they had to state in writing. The remaining people were asked to fill out the "Juror's Card" (one copy attached). We were told that not all people present will be asked to serve at this time, the selection being made by the Court, at once. Half an hour later names of approximately 90 persons were called who will have to serve now, starting with 3 April, up to 1 May (for one month). My name was called and this means that I am for this month under the jurisdiction of the Municipal Court, ordered to be present every day work day at 0930 A.M. if not receiving other instructions.
  - 3) The clerk of the Court in charge of the Jury can be reached on the telephone: RE 7-4575, to ask for Mr. Snyder (the spelling may be wrong, the name sounded to me this way, Joe Snyder).
  - 4) We were told that all the information given by us in the Juror's cards will be made available to the attorneys involved in the cases on which we will serve as jurors. It has happened in some cases that the attorneys, or somebody on their behalf, have tried to contact the jurors at the given residential and office telephones. 13
- Of my official telephones I gave: OX 6-1144, Department of the Army, Room 1B-945, The Pentagon.
